RECOMENDACIONES

ANTES DE INSTALAR

- Mezcla siempre el contenido de las cajas para obtener un resultado uniforme.
- Utiliza los productos con el mismo tono y calibre.
- Considera una junta de separación entre las piezas de 3 a 4 mm. (Recomendada).
- Verificar que el cerámico adquirido sea apropiado según el uso al que será sometido (Verificar tabla Clase UT de la caja).

EN LA INSTALACIÓN

ESTILO TRASLAPADO	ESTILO ESIPIGA	ESTILO DAMERO
		
Para lograr el efecto traslapado, te recomendamos que el entrecruzamiento de las piezas se realice con un desfase del 25% del largo de la pieza instalada en la fila anterior.	Para lograr el efecto espiga: (1) Cortar la pieza inicial con un ángulo de 45°. (2) Colocar ambas piezas de forma que las caras cortadas queden mirando hacia el suelo. (3) Este proceso se debe repetir hasta completar la primera fila. (4) Las siguientes filas de baldosas se colocan de forma que las caras largas de las piezas descansen sobre las caras cortas de las piezas de la fila anterior	Para obtener el estilo damero (tablero de ajedrez) puedes usar dos o más colores de cerámico. Debes asegurarte que todos los productos escogidos sean del mismo calibre.

RECOMMENDATIONS

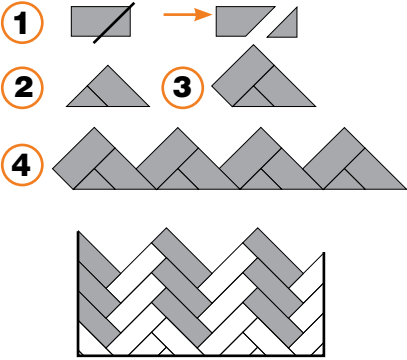

BEFORE INSTALLING

- Always mix the contents of the boxes to obtain a uniform result.
- Use products with the same tone and caliber.
- Consider a separation joint between pieces of 3 to 4 mm (Recommended).
- Verify that the acquired ceramic is appropriate for its intended use (Check the box's UT Class table).

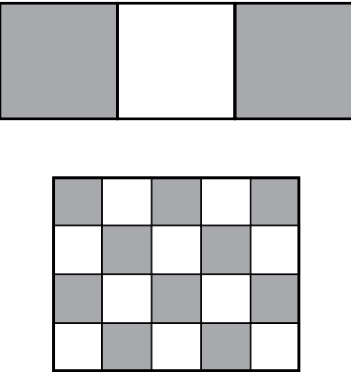

DURING INSTALLATION

OFFSET STYLE

To achieve the offset effect, we recommend that the pieces overlap with an offset of 25% of the length of the piece installed in the previous row.

HERRINGBONE STYLE

(1) Cut the initial piece at a 45° angle. (2) Place both pieces so the cut sides face the floor. (3) This process must be repeated until the first row is complete. (4) Subsequent rows of tiles are placed so the long sides rest on the short sides of the pieces in the previous row.

CHECKERBOARD STYLE

To obtain the checkerboard style (chess board), you can use two or more ceramic colors. You must ensure all chosen products are of the same caliber.
